

**BCA SEM-I
2023-2024**

**SOCIAL MEDIA ANALYTICS USING R –
READ DATA**

**By,
Dr. Anupriya Kamble,
Senior Faculty-IT
ADYPU, Pune.**

Read files

IMPORT CSV FILE

For a saved file in the computer:

Tools -> Import Dataset -> From Local files -> Go to the Location -> Select the CSV file

Read .csv reads the .csv file

Excel files can be saved as extension .csv and then can be opened.

In Data Frame information about the columns is present followed by the data.

Read files

IMPORT Data from web

For a saved file in the computer:

```
Dat<- Read.csv("Link", header=T)  
View (dat)
```
